TO SHARE THE BEST KNOWLEDGE, OFFER PRACTICAL LEARNING TOOLS AND TRAIN TOWARDS EXCELLENCE THROUGH THE PEDAGOGY FOR THE THIRD MILLENNIUM™

VISION&CREATIVITY is an interactive course of educational training for all those who wish to acquire methods and procedures to increase the qualitative standard of their business.

To acquire new skills, develop creative abilities, stimulate intuition and motivation and achieve ever more significant and inspiring results is the destiny of every person or business wishing to excel.

This intensive educational training – 16 hours with Patrizio Paoletti – enables you to gain a new outlook, develop greater sensitivity towards opportunities and use practical tools towards the achievement of your personal goals.

The course is particularly suited for: entrepreneurs, managers, chief executives, sales managers, marketing managers, HR managers, professionals, commercial networks, creatives, educators and teachers.

INFORMAZIONE studies and selects forward-thinking educational courses aimed at professional, personal and social improvement, supporting businesses and private individuals to realize innovative projects with a significant impact on production processes, internal communication, stakeholder relationships and the pursuit of their business mission.
